1. ELIGIBILITY CRITERIA FOR SHORT-LISTING

The following criteria would be applied for short listing of vendors. The vendors must submit proof of documents along with tender. Vendors not submitting proof of documents and/or not conforming to any of these criteria will not qualify for rate contract or short listing. The details are tabulated below for information and compliance

- 1.1. The vendor applying for the SITC of the lift should be **Original Equipment Manufacturer/authorized dealer or Channel Partner of Original Equipment manufacturer who must have designed, manufactured, tested and supplied equipment(s) similar to the type specified in the “Technical Specification.”** Authorization certificate from OEM to be uploaded in case of bidders other than OEM.
- 1.2. Good Product quality and Robustness: **Branded product with atleast 5 years presence in global market.** All products for which BIS standards exist should conform to the latest standards. Necessary certifications to be uploaded.
- 1.3. Good after sale service: Vendor with good service record at the site of installation will be considered in technical evaluation. Details of Service availability to be uploaded.
- 1.4. Satisfactory completion of at least three similar works each of value not less than Rs. 8.80 lacs or two similar works not less than Rs.11.00 lacs or one similar works not less than Rs.17.60 lacs. Work Order and Completion Certificates issued by the procuring organisation to be uploaded online.
- 1.5. Similar work shall mean works of design, supply, installation, testing and commissioning of lifts in atleast 5 storied building as per the available space.
- 1.6. The bidder/manufacturer should have average annual financial turnover of Rs. 15.00 lakh of supply and installation of lift work during the last three years ending 31st March, 2025. Balance sheet of the firm to be uploaded.
- 1.7. The manufacturer should not have incurred loss for preceding three years ending 31st March, 2025. Balance sheet of the firm to be uploaded.
- 1.8. The manufacturer shall be working in the field of supply, installation, testing & commissioning of lift works for the past 05 years consistently with global presence.
- 1.9. The manufacturer should have valid registration for GST and should have Permanent Account Number (PAN). Scanned copies to be uploaded.
- 1.10. The Bank reserves the right to reject any/all applications without assigning any reason whatsoever.

- 1.11. Firms should not have been blacklisted by any Govt. Authority/PSUs/PSBs. Self-declaration on the company letter head to be uploaded.
- 1.12. No work order would be placed on the firm in case the firm does not comply with directives incorporated in this tender document or does not abide by stipulated timelines listed in the document.

2. EARNEST MONEY DEPOSIT

Earnest Money Deposit of Rs. 44,000/- (Rupees Fourty Four Thousand Only), to be deposited online through NEFT/Bank Transfer/Ebanking in the above mentioned EMD Account. Scanned copy of receipt/UTR No to be uploaded. This amount will be forfeited if, having been selected by the bank for the job, the vendor refuses to accept any contract or having accepted the contract, fails to carry out his obligations mentioned therein. Bank Guarantee/FD/Cash/Cheque etc. in lieu of Earnest Money Deposit will not be accepted. No interest will be payable on the Earnest Money Deposit. The Earnest Money Deposit will be refunded to the unsuccessful vendors only on completion of the entire tender process and finalization of vendors. The Earnest money paid by the successful vendors will be released only after completion of work and submission of Final bills. The Earnest Money Deposit will be forfeited if the vendor:-

- 2.1. Withdraws its bid during bid validity period.
- 2.2. Refuses to honor commercial bid. Bank reserves the right to place order onto vendor based on prices quoted by them.
- 2.3. Refuses to accept purchase order or having accepted the purchase order, fails to carry out his obligations mentioned therein.

3. SECURITY DEPOSIT/RETENTION MONEY-

The Successful Bidder immediately after the award of Work order/PO has to submit Performance Guarantee favour of Deputy General Manager (BSD), J&K Bank equivalent to the amount of 3% of the total contract value.

10% of total billing amount on each bill payment will be retained by the bank till completion of Defect Liability Period and will be released on request of vendor after completion of specified duration. Bank will have the right to make good from the retention money, any loss arising during warranty period or amount spent by the bank towards restoration of lift in case the selected vendor did not attend the defect within max 7 days' time.

4. BIDDING PROCESS (TWO STAGE)

- 4.1. For the purpose of the present job, a two-stage bidding process will be followed. The response to the present tender will be submitted in two parts, Technical Bid containing the General Terms and Conditions including Compliance to Technical Specifications and Commercial Bid containing the final Commercial Bid.
- 4.2. The offer will be in two parts, Technical bid and Price Bid. Both the parts should be submitted in separate sealed covers duly super scribed "Technical/Commercial bid" respectively in online mode on our e-portal link <https://jkbank.abcprocure.com/>
- 4.3. Technical bid will contain the Bidders information in the format as given in this document.
- 4.4. TECHNICAL BID shall not contain any pricing or commercial information at all.

5. EVALUATION PROCESS

The process will be completed in following stages:-

- 5.1. Stage I: Interested parties shall submit their offers in sealed covers. Envelope I (Technical bids) will be opened on scheduled date in presence of bidders/their authorized representatives. Technical bids from bidders not accompanied with proof of tender cost and EMD shall be summarily rejected. Any shortfall of the Documents if found during the technical Evaluation process can be sought from the Bidder/s by giving notice and submission date. The shortfall documents can be then submitted through mail communications otherwise the bids can be rejected.
- 5.2. Stage II: Bidders qualifying Stage-I shall be evaluated against the stipulated minimum eligibility criterion purely based on proof of documents submitted. Documents submitted along with the Tender shall be considered as final & conclusive proof, thus bidders are advised to submit complete documents. However, bank at its own discretion may ask proof of documents as and when it is required for technical evaluation. Offers not complying or adhering with any of the minimum eligibility criterion or without relevant proof of documents not will qualify this stage.
- 5.3. Stage-III: Bank at its own discretion may ask Confidential Feedback report from reference sites/ clients as and when it is required for technical evaluation. Bidders with unsatisfactory feedback from reference sites or documents/facts not found in order on verification as per stipulated criterion applicable shall not qualify this stage.
- 5.4. Stage IV: The said work shall be put to electronic reverse auction before opening of the financial bids of the eligible bidders as per date and time decided by the

bank. Price bids of only technically eligible bidders shall be opened as per date and time decided by the bank. Bidders shall be informed through email to local office for participation in bidding process.

5.4.1. Price bids of bidders shall be evaluated and L1 price bid(s) shall be decided from the qualifying price bids.

5.4.2. Execution of service level contract and allotment of work order.

6. ELECTRONIC REVERSE AUCTION

Electronic Reverse Auction is a type of auction where the starting price, bid decrement, duration of auction, maximum number of automatic extensions are announced before start of online reverse auction. The shortlisted bidders shall after the start of RA start bidding online in an iterative process wherein the lowest bidder at any given moment can be displaced by an even lower bid of a competing bidder, within the duration of the RA. If a new lower bid is received within last few minutes (say two minutes) of closing time, the closing time may get automatically extended by few minutes (at least five minutes) for others to respond. Maximum number of such extensions may be stipulated (at least five). The most favorable bid at the end of stipulated/extended time will be declared as successful. The Reverse Auction shall be scheduled for a fixed time period. Auctions may be arranged in any combination of time periods for e.g. (a) 1-1/2 hour viz. 1 hour with 6 extensions of 5 minutes each or (b) 1 hour viz. 1/ 2 hours with 6 extensions of 5 minutes each or (c) Unlimited extensions viz. 1/2 hour with unlimited extensions of 5 minutes each.

All the price bids (Indicative bids) submitted by the vendors shall be kept sealed to the event of e-reverse auction. At the end of reverse auction process the lowest Bidder (L1) will be selected on the basis of Total Price, including taxes.

In case the Prices arrived after Reverse Auction are more than the Indicative prices of any of the vendors , The Lowest Indicative prices of the vendor shall be considered and that vendor shall be declared the Lowest Bidder.

Bidding Example:

The final rates of the items shall be calculated in ratio of total amount quoted by the lowest bidder through reverse auction process and the amount quoted in indicative price bid, wherever specified in tender.

Example: Indicative Price Bid submitted by vendor:

Item	Rate ®	Qty	Amount
A	100	2	200
B	200	3	600
C	300	4	1200
Total amount in Indicative price Bid			2000/-

The total amount mentioned in indicative price bid is Rs 2,000.00, but the final L-1 amount quoted by the vendor through E-reverse auction is Rs.1, 600.00, then the K factor for L-1 vendor will be calculated as under

Ratio K= (Total amount quoted by the lowest bidder through reverse auction process) / (The amount quoted in indicative price bid) $K=1600 / 2000= 0.8$.

The item wise final price to be confirmed by the vendor shall be as under:

Item	Final Rate= K*R	Qty	Amount
A	$100*0.8$	2	160
B	$200*0.8$	3	480
C	$300*0.8$	4	960
Total amount worked out after e- reverse auction			1600/-

7. DELAYS IN THE SUPPLIER'S PERFORMANCE

7.1 Selected vendor has to complete SITC of complete Lift within maximum 100 Calendar days time. Any delay in completion of project beyond stipulated time will result in imposition of liquidated damages and/or imposition of penalty @0.5% of total amount per week subject to maximum of 10 %.The Bank reserves its right to recover these amounts by any mode such as adjusting from any payments to be made by the Bank to the company/EMD. For Part of week, proportionate penalty will be imposed.

8. TERMS AND CONDITIONS

- 8.1. The Successful bidder is to complete his work in a time bound manner within 100 days from the date of award of work order failing which he shall be subject to pay or allow deduction of 0.5 percent on the total amount of the contract for every week of delay subject to a total deduction of 10% of the tender value/agreement amount or the value of final bill whichever is more as liquidated damages.
- 8.2. On the completion of the delivery of material the contractor shall be furnished with a certificate to that effect by the competent authority of the bank but the delivery will not be considered complete until the contractor shall have removed all rejected materials and shall have the approved materials stocked or placed in such positions as be pointed out to him.
- 8.3. The materials shall be of the best description and in strict accordance with the specification and the contractor shall receive payment for such materials only as are approved and passed by the Bank.

- 8.4. In the event of the material being considered by the Bank to be inferior to that described in the specifications, the contractor shall on demand in writing forthwith remove the same at his own charge and cost and in the event of his neglecting to do so within such period the expenses incurred being liable to deducted from any sums due or which may become due to the contractor:
- 8.5. Successful bidder hereby declares that the goods, stores, articles sold or to be sold to the Bank. under this contractor shall be of the best quality and workmanship and shall be strictly in accordance with the specifications and particulars contained in the tender document and the contractor/seller hereby guarantees that the said goods/stores articles shall continue to confirm to the description and quality aforesaid for a period of 60 months from the date of delivery of the said goods/stores/article to the Bank and that notwithstanding the fact that the Bank may have inspected and on approved the said good articles be discovered not be conforming to the description and quality/aforesaid or to have deteriorated (and the decision of the Bank will be entitled to reject the said good/stores/articles or such portion there of as may be discovered not to confirm to the said description and quality). On such rejection the goods/articles stores will be at the contractors risk and the provisions contained in the tender document shall mutates mutendis apply to the removal of the goods/stores/articles rejected under this clause. The contractor/seller shall if called upon to replace the said goods/stores/articles or such portion thereof as has been rejected by the Bank or otherwise the contractor/seller shall pay to the Bank such damages as may arise by reason of the breach of the condition herein contained.
- 8.6. If the Successful bidder or his work people or servants shall break, deface injure or destroy buildings, road, enclosure, water pipes, cabbies, drains, electric or telephones posts or wires, trees or grass land or any other property belonging to BANK or any other contractor working in the same premises where the materials are being supplied, he shall make good the same at his own expenses and in the event or his refusing of failing to do so the damage shall be made good as required at his expenses by the Bank, who shall deduct the cost from any sums due, or which may become due, to the contractor.
- 8.7. The Successful bidder shall supply at his own expenses all tools, plant and equipment's required for the due fulfillment of this contract and the material shall remain at his risk till the date of final delivery, unless it shall have been in the meantime remove for use by the Bank.
- 8.8. No material shall be brought to site or delivery given on Sundays or holidays without the written permission of the Bank. Normally all material shall be delivered during office house and with prior information to the Bank.
- 8.9. This contract shall not be sublet without the written permission of the Bank. In the event of the contractor subletting his contract without such permission he shall be considered to have thereby committed a breach of contract, and shall forfeit his EMD/security deposit and shall have no claim for any compensation for any loss.

- 8.10. The Bank shall have power to make any alteration, omissions, additions or substitutions in the original specifications, drawings, designs, and instruction that may appear to him be necessary or advisable during the course of supply of the materials and the contractor shall be bound to supply the materials in accordance with any such instruction which may be given to him in writing signed by the Bank and such alterations, omissions, additions or substitution shall not invalidate the contractor, and altered, additional or substituted materials which the contractor may be directed to supply in the manner above specified as part of the work shall be supplied by the contractor on the same conditions in all respect for which he agreed to do the main work, and at the same rates, as specified in the tender for the main work.
- 8.11. In respect of all labour directly or indirectly employed in the work for performance of the contractor's parts of this agreement the contractor shall at his own expense arrange for the safety provision as per applicable safety standards framed from time to time and shall at his own expense provide for all facilities in connection therewith. In case the contractor fails for making arrangement and provide necessary facilities as aforesaid he shall be liable to pay a penalty of Rs. 500/- for each default and in addition the Bank shall be at liberty to make arrangement and provide facilities as aforesaid and recover the cost incurred in that behalf from the contractor.
- 8.12. On the breach of any terms or conditions of this contract by the contractor, the BANK shall be entitled to forfeit the EMD/ security deposit or the balance thereof that may at that time be remaining and to release and retain the same as damages and compensation for the said breach but without prejudice to right of the BANK to recover any further sums as damage from any sums due or which may become due to the contractor by Government or otherwise howsoever.

9. TERMS OF PAYMENT

No advance payment will be admissible. However, stage payment may be paid as follows:-

- 9.1 **Stage-1 (Running Bill): 75% of the contract value** against safe delivery of material/equipment in full at site subject to statutory deduction of taxes, retention money, liabilities (if any).
- 9.2 **Stage-2 (Final Bill) :25% of the contract value** payable after installation, testing & successful commissioning of the all the equipment at site subject to statutory deduction of taxes, retention money, liabilities(if any).

10. RATES

- 10.1. The rates quoted by the tenderer, shall be firm and inclusive of all taxes (including works contract taxes), duties and levies, octroi and all charges for packing forwarding, insurance, freight and delivery, installation, testing, commissioning etc. at site i/c temporary constructional storage, risks, overhead charges general liabilities /obligations, clearance and License renewal form local authorities.

11. COMPLETENESS OF TENDER

- 11.1. All sundry equipment, fittings, unit assemblies, accessories, hardware items, foundation bolts, termination lugs for electrical connections, and all other items which are useful and necessary for efficient assembly and installation of equipment and components of the work shall be deemed to have been included in the tender irrespective of the fact whether such items are specifically mentioned in the tender documents or not.
- 11.2. For item/equipment requiring initial inspection at manufacturer's works, the contractor will intimate the date of testing of equipment's at the manufacturer's works before dispatch. The department also reserves the right to inspect the fabrication job at factory and the successful tenderer has to make the arrangement for the same. The successful tenderer shall give sufficient advance notice regarding the dates proposed for such tests/inspection to the department's representative(s) to facilities his presence during testing/ fabrication. Any official from Bank's tender committee at his discretion may witness such testing/fabrication.

12. STORAGE AND CUSTODY OF MATERIALS

The lift machine room may be used for storage of sundry materials and erection equipment's if available or else the agency has to make his own arrangement. No separate storage accommodation shall be provided by the department. Watch and ward of the stores and their safe custody shall be responsibility of the contractor till the final taking over the installation by the department.

13. CARE OF THE BUILDING

Care shall be taken by the contractor while handling and installing the various equipment's and components of the work to avoid damage to the building. He shall be responsible for repairing all damages and restoring the same to their original finish at his cost. He shall also remove at his cost all unwanted and waste materials arising out of the installation from the site of work.

14. COMPLETION OF WORK

The completion period of 100 days indicated in the tender documents is for the entire work of planning, designing, supplying, installation, testing, commissioning and handing over of the entire system to the satisfaction of the Bank.

15. FORCE MAJEURE

- 15.1 The Selected Bidder shall not be liable for forfeiture of its performance security, Liquidated damages or termination for default, if any to the extent that its delay in performance or other failure to perform its obligations under the contract is the result of an event of Force Majeure.
- 15.2 For purposes of this Clause, "**Force Majeure**" means an event explicitly beyond the reasonable control of the Bidder/ successful bidder and not involving the bidder/ successful bidder fault or negligence and not foreseeable. Such events may be due to or as a result of or caused by act of God, wars, insurrections, riots, earth quake and fire, revolutions, floods, epidemics, quarantine restrictions, declared general strikes in relevant industries, satellite failure, act of Govt. of India, events not foreseeable but does not include any fault or negligence or carelessness on the part of the parties, resulting in such a situation. In the event of any such intervening Force Majeure, either party shall notify the other in writing of such circumstances or the cause thereof immediately within five calendar days.
- 15.3 Unless otherwise directed by the Bank in writing, the selected bidder/ successful bidder shall continue to perform its obligations under the Contract as far as is

reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

15.4 In such a case the time for performance shall be extended by a period(s) not less than duration of such delay. If the duration of delay continues beyond a period of 90 days, then either party shall mutually decide the strategy going forward.

15.5 Notwithstanding above, the decision of the Bank shall be final and binding on the bidder/ successful bidder regarding termination of contract or otherwise.”

16. LIQUIDITY DAMAGES

If the bidder/ successful bidder shall fail to complete the works within the time or extended time then the bidder/ successful bidder shall pay to the Employer the sum stated in the tender as liquidated damages for such defaults and not as the penalty. Recover the amount of loss caused by damage failure or default including the consequential damage as may be determined by the department. The payment or the deduction of such damages shall not relieve the bidder/ successful bidder from his obligation to complete the work or from any other of his obligations and liabilities under the contract. Impose a penalty in form of liquidated damages on accounts of delay beyond the scheduled delivery period **subject to 0.5% of the contract value per week and not exceeding 10% value of the contract value.**

17. DISPUTE RESOLUTION/ARBITRATION

In the case of any dispute arising upon or in relation to or in connection with this agreement between parties, the disputes shall at the first instance be resolved through negotiations. If the dispute cannot be settled amicable within fourteen (14) days from the date on which either party has served written notice on the other of the dispute then any party can submit the dispute for arbitration under arbitration and conciliation Act, 1996. The Arbitrator shall be decided mutually by both the parties.

The Place of Arbitrations shall be Srinagar, (J&K) India and the language of the arbitration proceedings and that of the documents and communication between the parties shall be English.

The Decision of the Arbitrator shall be final and binding upon the parties. The expenses of the arbitrator as determined by the arbitrator shall be borne equally.

The parties shall continue to be performing their respective obligation under this Agreement, despite the continuance of the arbitration proceedings, except for the disputed part under arbitration.

a. Each Bidder having responded to this NIT acknowledges to have read, understood and accepts the selection & evaluation process mentioned in this NIT documents. The bidder ceases to have any option to object against any of these processes at any stage subsequent to submission of its responses to this NIT.

b. All Notices or Communications under this Agreement shall be first sent to E- mail to such e - mail addresses designated by each party, followed by registered post with acknowledged, where appropriate and required, to the address of each party first written above. A successful e mail delivery shall be treated as sufficient and complete delivery of the notice or communication. A notice by post will be sent by registered post acknowledge to the address set forth below, or such other address as it shall hereafter designate for this purpose:

In the case of a notice to the bank to:engineering.chq@jkbmail.com

In the case of a notice to contractor: email address registered with the bank.

Such notices shall be deemed to be received within four working days of the same being sent.

Bank reserves the right to select the next ranked bidder, if after selection the selected bidder withdraws his offer or bank detects wrong or misleading information in the proposal, In case the selected bidder withdraws his offer or if it is found that the information furnished by the bidder is wrong and misleading. Bank reserves right to take action as it deems fit, including forfeiture of EMD, claim for damages against the bidder and also blacklisting the bidder from participating in future tenders.

18. NO COMMITMENT TO ACCEPT LOWEST OR ANY TENDER

The Bank shall be under no obligation to accept the lowest or any other offer received in response to this notice and shall be entitled to reject any or all offers without assigning any reasons whatsoever. The bank will have right to opt for any new technology optimum for the banks usage.

19. WARRANTY PERIOD

The Supplied lift should have atleast one year of warranty offered by the OEM. Preference will be given for lifts with higher warranty period. The decision of the Bank in this regard shall be final.

20. POWER SUPPLY

Electric service connection of 415 V, 3 Phase, 4 Wire, 50 Hz, AC supply shall be provided for installation purpose.

21. DATA MANUAL AND DRAWINGS TO BE FURNISHED BY THE TENDERERS

- 21.1. With Tender: The tenderer shall furnish along with the tender, detailed technical literature, pamphlets and performance data for appraisals and evaluation of the offer.
- 21.2. After Award of work: The successful tenderer would be required to submit the all the relevant drawings within a month of award of work for approval before commencement of installation.

- 21.3. All general arrangement drawings: Details of foundations for the equipment, load, location etc. of various assembled equipment as may be needed generally by other agencies for purpose of their work. The date will include breaking load on guides, reaction of buffers on lift pits reaction on support points in machine room, lift well etc.
 - 21.4. Complete layout dimensions for every unit/group of units with dimensions required for erection purposes. Any other drawing/information not specifically mentioned above but deemed to be necessary for the job by the contractor.
- 22.** The successful tenderer should furnish well in advance three copies each of detailed instructions and manuals of manufactures for all items of equipments regarding installation, adjustments operation and maintenance including preventive maintenance & trouble shooting together with all the relevant data sheets, spare parts catalogue and workshop procedure for repairs, assembly and adjustment etc. all in triplicate.

23. EXTENT OF WORK

- 23.1. An existing Otis make 6 passenger lift is already installed in said premises and thus the same is required to be dismantled taken under a buyback arrangement by selected vendor. All the costs with regard to dismantling, shifting and transportation of existing lift shall be borne by the successful vendor.
- 23.2. **It is suggested that Site inspection be carried out prior submission of bid to ensure seamless work.**
- 23.3. The work shall comprise of entire labour including supervision and all materials necessary to make a complete installation and such tests and adjustments and commissioning as may be required by the bank. The terms complete installation shall not only mean major items of the plant and equipment's covered by specifications but all incidental sundry components necessary for complete execution and satisfactory performance of installation with all layout charges whether or not those have been mentioned in details in the tender document in connection with this contract.
- 23.4. Comprehensive Maintenance (Repair, Routine & Preventive) during Defect Liability period.
- 23.5. The work is a turnkey project. Any item required for completion of the project but left inadvertently shall be executed with in the quoted rates.

23.6 ASSOCIATED ELECTRICAL WORKS

Separate double earthing, 3 phase supply single phase supply with TPN & MCB, shaft bulk headlights with switch & sockets shall be provided by the Bank.

Based on power requirements of lift furnished by the lift contractor, power supply for the lift machine, terminating in a Switchboard located at a desired location, shall be provided by Engineer in- charge, J&K Bank.

Cabling between switchboard and the controller /lift motor shall be with XLPE insulated HR PVC sheathed 1100 volt grade aluminum conductor armored cables conforming to IS 7098 or PVC insulated, PVC sheathed, 1100 volt grade al conductor armoured cables conforming to IS 1554. Cables shall be terminated in glands fitted with armour clamps the gland body shall be provide with an internal conical sating to receive the armour clamping cone and clamping nuts which shall secure the armour wires. A PVC shroud shall be fitted to cover the gland body and exposed armour wires Trailing cables for the lift shall be EPR insulated stranded copper conductor flexible cables conforming to IS 9968

Control cabling shall be with multi core stranded copper conductor PVC insulated and sheathed 1100 volt grade cables conforming to IS 8130. Minimum size of the cable shall be 2.5 sq mm. Where cables pass through walls or floor slabs, pieces of GI sleeves shall be provided for cast into the wall / floor and cable shall be drawn therein. Annular space around the cable in the sleeve shall be sealed with fire proof sealant supplied by Engineer-in-charge.

All wiring shall be carried out with FRLS PVC insulated 1100 volt grade stranded copper conductor wires conforming to IS 694 drawn in MS rigid / flexible conduiting system and / or MS raceways. Minimum 2.5 sq mm size wires shall be used. Wires shall be cut only at terminations. Intermediate jointing shall not be permitted. Drawing, cutting and terminating of the wires shall comply with the relevant Indian standard specifications and shall be carried out in the most workman like manner as per standard practice. All normal care like cutting the insulation with a pencil edge, taking care not to cut the strands and proper tightening of terminal connector screws to avoid loose connection or breaking of conductors etc. shall be taken.

Heavy gauge black enamelled screw type ISI embossed MS conduits with superior quality accessories approved by Engineer-in-Charge shall be used in the work. Conduits could either be recessed in floors / walls or fixed on surface with saddles and clamps. Final connections to vibrating the equipment shall be made with metal flexible conduits. Entire work shall be carried out in work man like manner as per standard practice.

Metal enclosures of all electrical equipment and devices including frames of motors, controllers, switchgear, conduits and raceways etc. shall be properly

earthed so as to form an equi-potential zone. Loop earthing of vibrating equipment shall be done with flexible copper earthing braid or flexible cables. The lift motor frame shall be connected to the building earthing system termination at the switchboard by duplicate loop earthing conductors of appropriate size.

23.7 ASSOCIATED CIVIL & STRUCTURAL ITEMS

All civil and structural items of work associated with erection and operation of lift shall be provided by the Bidder/ successful bidder at his cost including (but not restricted to) the following.

- _ Hook for lifting lift equipment's in the top of shaft.
- _ Temporary scaffoldings and safety barricades during lift installation in and around lift Lift wells
- _ Sill angels
- _ Bearing plates
- _ Buffer supports
- _ Checqured plates
- _ Fascia plates
- _ Ladders in pits (MS)
- _ Safety railing on car top
- _ Separator /stretcher beams if required .
- _ Dowels for terminal buffers in pit floor during casting.

The Bidder/ successful bidder shall ensure erection and fixing of steel work in such a manner that no RCC wall or any other structural member is damaged. However, any major civil work to be done for installation of the lift shall be carried out by the bank.

24. INSPECTION AND TESTING

- 24.1. Copies of all documents of routine and type test certificates of the equipment, carried out at the manufacturers premises shall be furnished to the Bank.
- 24.2. After completion of the work in all respect the contractor shall offer the installation for testing and operation.

25. LICENSE FROM COMPETENT AUTHORITY

Selected vendor shall obtain the License for operation of fresh lift from the concerned Authority. Genuine billing amount/challan charges paid by vendor will be reimbursed by bank subject to production of original receipts obtained from Licensing authority.

26. Validity

Tenders shall be valid for acceptance for a period of 180 days.

27. COMPLIANCE WITH REGULATIONS AND INDIAN STANDARDS

All works shall be carried out in accordance with relevant regulation, both statutory and those specified by the Indian Standards related to the works covered by this specification. In particular, the equipment and installation will comply with the following:

- 27.1. Factories Act.
 - 27.2. Indian Electricity Rules.
 - 27.3. IS & BS Standards as applicable.
 - 27.4. Workmen's compensation Act.
 - 27.5. Statutory norms prescribed by local bodies/competent authority.
 - 27.6. Other laws and norms as applicable
28. Nothing in this specification shall be construed to relieve the successful tenderer of his responsibility for the design, manufacture and installation and maintenance of the equipment with all accessories in accordance with currently applicable statutory regulations and safety codes.
29. Successful tenderer shall arrange for compliance with statutory provisions of safety regulations and departmental requirements of safety codes in respect of labour employed on the work by the tenderer. Failure to provide such safety requirement would make the tenderer liable for penalty of Rs. 500/- for each default. In addition, the department will be at liberty to make arrangement for the safety requirements at the cost of tenderer and recover the cost thereof from him.
30. Authorized dealers/Original Equipment Manufacturers fulfilling above criteria and are interested in our proposal for Supply Installation, Testing, Commissioning of G+3 floor (13 Passenger) lift may apply online on our e-portal link <https://jkbank.abcprocure.com>.
